ATTENTION MBE/WBE/ DBE SUBCONTRACTORS & SUPPLIERS

Rice Lake Construction Group (RLCG) is soliciting bids from MnUCP, SBA, or US DOT certified MBE/WBE/DBE subcontractors and supplier firms for all divisions of work required by this project.

Project: Dodge Center Wastewater Treatment Facility Improvements, WSN Project No. 2024-11871
Location: 62888 190th Avenue, Dodge Center, MN 55927
Bids Due: December 9, 2026 by 5:00 P.M. / (Bid Date & Time: December 10, 2026 by 2:00 P.M.)
Request invitation to bid at estimating@ricelake.org

DESCRIPTION OF WORK: Alteration of the City of Dodge Center Wastewater Treatment Facility (WWTF). Improvements include preliminary treatment improvements with demolition of the existing screen and grit removal system, a new screen, screenings washer/compactor, grit separator, grit pumping, grit dewatering conveyor and a building addition; oxidation ditch improvements with a new aeration and mixing system; and a new bioreactor including a concrete tank, aeration and mixing systems, and a blower building. The Project also includes final clarifier improvements with new clarifier equipment and aluminum domes, RAS/WAS pump station improvements, conversion of the existing chlorine contact basin to UV disinfection, an additional sludge storage tank with aeration and mixing, chemical storage and feed systems, and Administration Building and Garage improvements. Electrical improvements include replacement of the existing service equipment, panels, motor control, and circuitry for all buildings, along with generator and automatic transfer switch replacement. New supervisory controls and data acquisition (SCADA) hardware, process control instrumentation, general site improvements, lining of the outfall line, outfall improvements, and miscellaneous associated work will also be included in the Project.

Scopes of work and materials requested include but are not limited to: Demolition, concrete, precast concrete hollow core planks, masonry, metals, wood, plastics & composites, thermal & moisture protection, openings, finishes, specialties, facility fall protection, furnishings, plumbing, HVAC, electrical, engine generators, earthwork, riprap, aggregate base & surfacing, asphalt paving, concrete curbing & paving, chain link fences & gates, segmental retaining walls, seeding, utilities, process piping, valves, actuators & gates, process control systems & instrumentation, process gas & liquid handling, purification, & storage equipment, water & wastewater equipment.

RLCG intends to conduct negotiations in good faith with qualified MBE/WBE/DBE subcontracting and supplier firms and is willing to break up work scopes to better fit the interests of any MBE/WBE/DBE company wishing to participate in this bid. For assistance with bonding, insurance, potential lines of credit, obtaining necessary equipment, supplies, materials, or related assistance or services please contact Colin Leonard at colin_leonard@ricelake.org. We encourage larger firms to provide 2nd-tier opportunities to smaller firms.

Please submit bids to: Email: estimating@ricelake.org or Fax: 218-546-7016
