

JE Dunn Health, Safety, and Environment Visual Standard for Coronavirus:

## SOCIAL DISTANCING: HAND WASHING STATIONS

**dunn well**  
**DUNN SAFELY**  
WE BELIEVE IN HEALTH AND WELL-BEING

### KEY POINTS:

- Available in high travelled areas throughout the project to encourage regular use.
- Consider models that minimize touching to reduce contaminating clean hands (foot pump power hand wash stations, auto shut off faucets, paper towels dispensers).
- Stations should include antibacterial soap or hand sanitizer.
- Ensure waste baskets are in the immediate area to increase housekeeping practices.

**DUNN safety™**  
EVERYONE.  
EVERYWHERE.  
ALL THE TIME.

All Hands On
