

# MINNESOTA REGIONAL TRANSPORTATION FORUMS:

Transportation remains a vital issue in our state, with growing regional road, bridge and transit needs. This series will highlight Duluth, Mankato, Moorhead, Rochester & St. Cloud.

Grab your lunch and help make a difference as we present information on local transportation needs and hear from candidates for the state legislature and Congress regarding their plans for addressing local needs if elected.

These forums provide an important opportunity to make transportation a campaign issue, to educate future lawmakers and to start the discussion about funding needed projects. Please add your voice to the discussion!
