MN TRADES ACADEMY CAREER DAY

Junior Achievement North prepares young people with the skillset and mindset to build thriving communities. We create experiential learning opportunities that help K-12 students build personal finance knowledge, cultivate entrepreneurial skills, and help explore new career paths. This is only possible with the support of local volunteers who believe in investing in the next generation of leaders. **That's where YOU come into the picture!**

VOLUNTEER OPPORTUNITY

Hosted by Junior Achievement North

Date: Monday, August 12th, 2024

Time: 8:30 AM - 1:00 PM *lunch included

Location: Junior Achievement North

1745 University Ave W, St. Paul, MN 55104

JA North has sustained a partnership with the MN Trades Academy summer internship program. The MN Trades Academy (MTA) offers paid summer construction internship experiences for selected high school youth (ages 16-21). The program prepares youth for adulthood through skill development, personal development, and the knowledge on how to access good jobs with good benefits in the construction industry. MTA aspires to provide rich educational hands-on experiences for participants to earn while they learn about construction as a career choice.

JA and MTA are seeking volunteers to mentor and support students during the MN Trades Academy Career Day. This is a great opportunity for companies and construction professionals to network with young people interested in the industry who are looking to enter the workforce soon.

The Career Day event will provide an opportunity to students to meet professionals working in the construction industry, learn more about job opportunities and companies in the industry, and practice essential job seeking skills. Volunteers will interact with students throughout the day through networking activities and by conducting mock interviews with students.

Junior Achievement will provide all resources and instructions for volunteers, will schedule a virtual orientation session prior to the Career Day event, and will be present to lead the Career Day activities.
