

# AGC EXECUTIVE CIRCLE PROGRAM

This intensive program is designed to build critical skills required to lead your business successfully. Topics include, but are not limited to:

- Developing an effective business strategy and leading that strategy in your organization
- Technology's impact on construction and your business processes
- Nurturing disrupters who will help move your business forward
- Challenges firms will face in the next five years, including the future of the workforce, preparing for succession, and more.
